Town & Village Renewal Scheme 2019

Kilkenny County Council is advertising for Expressions of Interest for the 2019 Town and Village Renewal Scheme

The central aim of the Town and Village Renewal scheme is to support the revitalisation of towns and villages in order to improve the living and working environment of their communities and increase their potential to support increased economic activity into the future. The Scheme provides funding of up to 80% in respect of Capital Projects.

The overall intention of the funding is to:

- increase the attractiveness of the town or village as a local commercial and social centre, and as a result increase its sustainability as a place in which to live and work;
- enhance the towns/village environment and amenities in the interests of residents, businesses, and visitors;
- promote the town/village's potential for tourism and as a centre for culture and local heritage, thus enhancing the sense of identity – physically and socially.

Measures which are taken under the Scheme should also have a sustainable and visible impact on the town/village.

Projects which display the following will be considered High Priority by the Department for assessment purposes:

- Projects that will have clear positive economic impacts on the town or village.
- Projects that stimulate economic activity between a town or village and neighbouring towns lands,
- Projects that can demonstrate close collaboration between communities and business interests in the design and delivery of the project and is supported by Kilkenny County Council.
- Projects that support entrepreneurship (e.g. Development of Enterprise Hubs, Hot Desk Facilities, Digital Hubs, Creative Hubs, Training Facilities)
- Integrated approaches to developing individual sectors within the town and/or its environs (e.g. Artisan food hubs, Craft hubs).
- Projects which demonstrate collaboration between town centre businesses and the surrounding area to produce economic benefit.
- Tourism initiatives.
- Enhancement of heritage and/or other community assets,
- Town safety and accessibility enhancements,
- Provision/enhancement of leisure facilities (e.g. Town Parks, Walking Trails).
- Development of quality marks, such as Purple Flag, Heritage Town, etc.

The following types of activity are eligible for support, but will be considered a lower priority unless they can be shown to be an integral part of a higher priority project:

- Enhancement of streetscape and town environment,
- Shop front enhancement,
- Branding and promotion of the town/village to attract new customers and/or business investment,
- Car parking improvements.

Up to 80% of the total cost of a project under the Town and Village Renewal Scheme will be provided for any individual project. The minimum grant available is €20,000 and the maximum is €100,000.

Up to 10% of the total cost may be provided in the form of "in-kind" contributions (e.g. land lease or voluntary labour); a minimum cash contribution of 10% will also be required.

A higher maximum of €200,000 will be considered for a limited number of projects where a robust case can be made demonstrating exceptionally strong economic benefit to a town/village.

Kilkenny County Council will develop a number of proposals with town/village groups into detailed applications to be submitted to the Department.

The Department of Rural & Community Development will assess these proposals and will approve the best projects nationally for funding, depending on the quality of the projects and the level of funding sought. The assessment is by means of a competitive process.

Expression of Interest Forms and full details of the scheme are available from the Council's website www.kilkennycoco.ie or from Cora Nolan, Community Section, Kilkenny County Council 056 7794931, Community@kilkennycoco.ie
