Subject: For the attention of Mr. Frank Stafford, A/Senior Engineer, Environment and Parks

Re: Kilkenny Recreational and Biodiversity Park at Dunmore.

Dear Mr Stafford,

I refer you to your letter of October 20th to Eddie Holohan. The Dunmore Community Committee has no objection to the proposals outlined in the letter of the 20th. In fact, the committee is excited by the life enhancement possibilities for the whole community should the proposals come to fruition.

The committee officers look forward to furthering discussions with you with regard to the implication of these proposals for the Dunmore Community Committee. We also assure you of our strong support for the delivery of your exciting Biodiversity and Recreation Park Concept Plan in Dunmore.

With best wishes on behalf of the Committee.

Sincerely,

Rodger Curran.

(Honorary Secretary)
