Attention Mr Denis Malone

A chara,

On behalf of the Newpark Residents Association I wish to formally register an 'expression of interest' in the community space available in the Newpark Primary Care Centre.

Founded in 2016, our Residents Association actively organise diverse endeavours i.e. weekly Bingo, Coffee Mornings, Field Day, Outings, Easter & Christmas Dinners. Throughout the Covid pandemic we continue to support older and vulnerable residents by providing transport to medical appointments, collection of medicines, delivery of groceries etc. To allow older residents the opportunity to stay in contact with family and friends we provided IT training. At present we have sourced laptops which we are in the process of providing, FOC, to interested neighbours. Ascetically, improvements include the provision of 20 Lime Trees and 14 large Flower Planters. Estate management provided a one way system, parking bays and the regeneration of footpaths.

Unfortunately, with no home base, we remain an itinerant association.

If we are inside the criteria and qualify for consideration, I would be grateful if you could supply the relevant information and application form.

Le gach dea-ghuí
